

**\*Free Non-Typical Upgrade Kit \* \* Voluntary Recall \***

Ameristep Corporation continues to offer a high standard of quality & performance by providing free upgrade replacement kits for the Non-Typical Patriot (Model #7300) and the Non-Typical Outfitter (Model #7310). The kits are intended to replace the existing tree straps and hooks that are currently being used (see pictures as a reference). Proper assembly of this product and the following of all instructions and warnings (provided) are essential for its safe use. Once the new kit has been installed please dispose of the old straps/hooks. It is also very important that you always test your hang-on tree stand at ground level prior to use and always use an appropriate safety harness while using any tree stand. If you have any questions regarding proper assembly or any aspect of this product please call Ameristep customer service at 800-374-7837.
